

PSI 2021 Online Conference
21-23 June 2021

PSI Prepare for 2021 Online Conference

PSI are pleased to announce, that following the postponement of our next face to face Conference to 2022, we will instead be running an online Conference next year.

The online Conference will be held over the same dates as previously planned, that is, between **21 to 23 June 2021**.

The Conference will still include a variety of plenary and parallel sessions, a poster session and virtual exhibitor stands. We are also working hard to make it as interactive and as sociable as possible to try to recreate those aspects we know people love about the PSI Conference.

Registrations will open in early 2021 once we get some of the technology sorted, along with a call for submitted oral and poster abstracts.

Given that there is no travel involved and the registration fee will be vastly reduced compared to our face to face event, it will be a perfect opportunity to attend and participate in a PSI Conference. We hope to 'see' many of you there!

Registration Countdown

The registration portal for the Online Conference will launch early in 2021. The registration fees are included below:

Registration Type	Registration Fee (incl. VAT)
PSI Member	£252
Non-PSI Member <i>(Price includes PSI membership for 2021)</i>	£366
Contributed Speaker <i>(50% discount)</i>	£126
Student	£30

Let your colleagues know...

Please share this email with any colleagues and friends who you think will be interested in the PSI Annual Conference.

A message from the Conference Chair...

With the next face to face conference postponed to 2022, the PSI Scientific Committee, with support from the Board of Directors and other committees, are working hard to deliver an online conference in 2021. A first for us, we are currently exploring the exciting opportunities that we have.

Paul Terrill
Conference Chair
