

PSI 2023 CONFERENCE

11-14 JUNE 2023

Social Events

Dear Emily,

Somehow, we're now just two weeks away from our 2023 Conference! Now, as well as great scientific content, attendance at the PSI conference is well known for its networking and social elements. Each day there will be plenty of time to mingle in the Exhibitors area during the breaks and over lunch. In addition, we have social events planned for each evening (and the odd morning)!

Sunday 11 June 7pm-10pm - Welcome Reception

This will take place in the Cognac Suite of the conference hotel (Novotel London West). Drinks and nibbles will be served as you get re-acquainted with colleagues and make new friends.

Monday 12 June 7am – Morning Run

As is tradition at the PSI conference, there will be an informal, early morning run before the conference starts. The run will start and finish outside the Novotel London West main reception. The run will be just over 3 miles and take around 40 minutes, with a mixed pace and plenty of opportunity to chat to fellow runners.

*Please note that this is not an official event organised by the conference; runners take part at their own risk.

Monday 12 June 8pm-11pm - Monday Evening Social

The Monday evening social event is sponsored by Exploristics.

After enjoying the poster presentations and poster session in the conference hotel join us at The Prince. The West Brompton venue will give you the space to relax with a drink and selection of street food whilst networking.

Tuesday 13 June 7:30pm-11:30pm - Conference Gala Dinner

The Gala Dinner is sponsored by Phastar.

It will be held at Novotel London West, where our daytime plenary room will be transformed into a space for dancing, singing and a three course dinner. We will start the evening with a welcome drink on arrival before sitting down for our meal. After eating, the dancing can begin and we will be entertained by a superb band, with plenty of photo opportunities available at our photobooth. There is no formal dress code, but we would encourage you to dress to impress for this one!

Conference App

The Conference App is the online home of all the things an attendee could need when joining us in London. The app houses;

- the **event agenda** so that you can easily plan out your session attendance and locate the correct room to get to.
- the **poster listing** so that you can track down posters along our poster wall.
- there are a number of interactive sessions at the conference this year and some of them have limitations on numbers. **Registration for these interactive sessions** takes place in the app to make sure you get a spot.
- the ability to 'shake hands' with other attendees using your phone, to **make connections and build your network** whilst in attendance.
- as with previous years, there will be a **social wall** for you to post your favourite learnings, photos and videos from the conference.
- our **exhibitor passport** - when you interact with a sponsor in the exhibition space, you can receive a code to redeem in-app, and work your way up our leaderboard in the hopes to win a free place at next year's conference.

A full user guide on the app will be sent to all registered delegates with the joining instructions, so do make sure you give that a read and download the app ahead of the conference.

THANK YOU TO OUR SPONSORS & PARTNERS

As well as the attendees a major part of the success of the PSI conference is the support of our sponsors.

The full list of sponsors is available on the PSI website, or you can visit them in the Conference App.

A Message from the Conference Chair

Almost time for the conference to begin. As I am coming to the end of my 2 years as conference chair I would like to take the opportunity to thank everyone who has helped support the conference with speakers, sponsorship, organisation, delegates etc. Special thanks to the members of the PSI Scientific Committee and MCI. Creating a conference really is a team effort!

David Lawrence
Conference Chair

Let your colleagues know...

Please share this email with any colleagues and friends who you think will be interested in the PSI Annual Conference.

Enquiries...

Should you require any assistance, please do not hesitate to contact the conference secretariat.
